WELCOME MESSAGE

Dear Friends,

We are delighted to host NCSI 2024, the 5th Annual conference of the Neurocritical Care Society of India (NCSI) to be held at Chennai, the health capital of India.

The theme of the conference is "Emerging Trends, Expanding Scopes, Changing Perspectives."

Evidence and practice changing literatures are evolving every year and at the same time we also have lot of unanswered questions and difference in practice and dilemmas.

The scope of practice in Neurocritical care is evolving. With formal training and progressing neurosciences critical care units evolving the pathways and care are going to be standardised. We are in the era where a rapid progress is happening in the management of critically ill neurological patients. Constant changes need upgradation of our knowledge and skills to foster the need of our patients and achieve the best possible outcomes.

NCSI 2024 provides an opportunity for all the practicing intensivists, neurointensivists to interact with eminent faculty across the country and pioneer international faculty with vast experience in this field.

Practicing delegates attending this conference would benefit immensely from the inputs from the faculty.

We have designed the scientific program to be very interactive to address all the questions in the minds of the delegates.

Best practices shared will uplift individuals practice and improve patient care. For a researcher it provides ample questions to take home and device a methodology to find an answer through evidence.

We are proud to introduce our mascot "Thalaivaa". It's a symbolism of being fast, striving excellence, smart and being a fine leader.

Chennai, the gateway to the south of India which has the glory of producing some of the eminent Neuroscientists to the world is eager to welcome you all to this annual event .

The biggest cultural, economic and education centre in the southern side of India has the best weather prevailing during these days and we will be delighted to provide you with a warm hospitality in the Coromandel Coast off the Bay of Bengal.

Welcoming you all to Chennai for the NCSI 2024.

With Best Regards
